

The following is a demo for how to create a email filter for NAPPAP so all of our emails and nhstudios@nhstudios.com are delivered to you rather than ending up in the spam folder. You can save time and have your email sorted for you automatically.

Upper right is the options in Yahoo

In the middle of the next page is a link to filters click it, then click add to start a new filter...

Mail Options

| Spam | Management |
|---|--|
| <p>Spam Protection</p> <p>Customize our anti-spam tools to maximize your spam protection:</p> <ul style="list-style-type: none"> • SpamGuard • Marking Spam + Not Spam • Image Blocking | <p>Mail Addresses</p> <p>We've added the dot into our email addresses so you can get the address you've always wanted. Use it just like your existing Yahoo! ID. Also retrieve mail from your other (POP) accounts into your Yahoo! Mail.</p> |
| <p>Block Addresses</p> <p>Block addresses from which you don't want to receive mail.</p> | <p>Filters</p> <p>Sort your incoming mail automatically into designated folders or to your mobile device. Filter out unsolicited email.</p> |
| | <p>General Preferences</p> <p>Customize your Inbox view and your Compose options. Change your outgoing</p> |

Name your filter like Important NAPPAP and then type in one of the addresses below

- nhstudios@nhstudios.com (IMPORTANT NAPPAP NOTICES)
- nappapmail@yahoo.com (Our Yahoo Networks)
- nappapculall@nappap.org (our weekly newsletter)
- ppap@nappap.org (our office mail)

Add Message Filter [\[Back to Mail Options \]](#)

Filter Name

If all of the following rules are true...

From header: match case

To/Cc header: match case

Subject: match case

Body: match case

Then...

Move the message to:

Select New Folder to move the message into and click add filter in the lower left:

If all of the following rules are true...

From header: match case

To/Cc header: match case

Subject: match case

Body: match case

Then...

Move the message to:

Texas Art Contract Signed

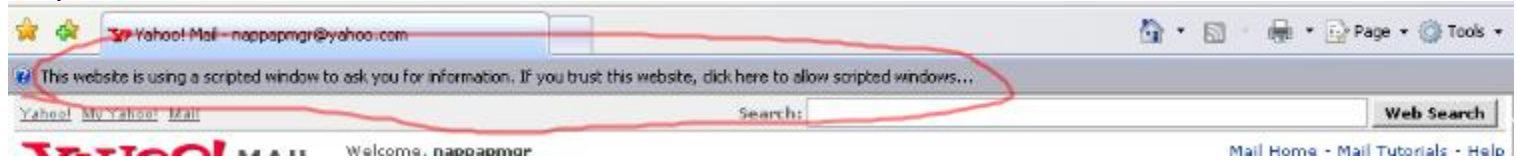

WebMonitor mail

- Choose Folder -

If you are like me and have pop ups blocked a sign will appear.

click the close button and go to the upper left menu line there will be a message This website is using a scripted windows

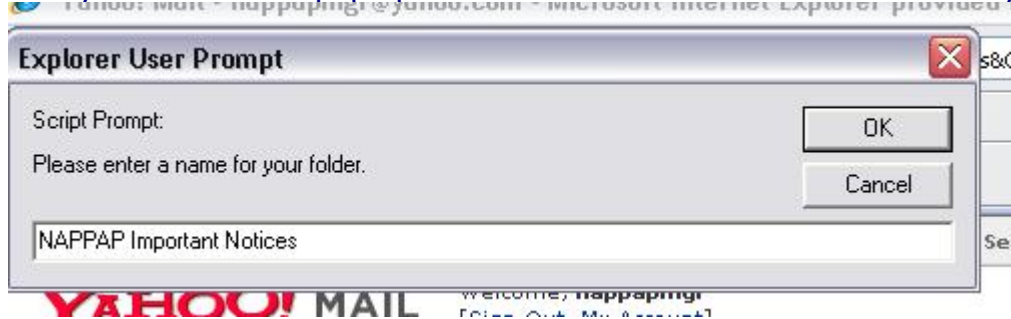

when you click on it you can select to allow popups for this one time on this one site:

This brings a pop up box similar to our login box but this time you're just entering the name of your file folder that you will create on the yahoo mail for your important news from NAPPAP

You'll need to click on add filter again so select new folder again, and click add filter again if you have this message appear in the information bar.

at any rate a box will pop up like this enter the name of the file folder you wish to create and click ok

It will take you back to the yahoo filters and you should see a filter set up like this:
